

PRODUCT INFORMATION SHEET

Torch

Product description

The torch is designed for removing old coatings and paints, for installing pipes and other plastic components, and for burning, drying and heating. It will also work well in soldering, tinning and welding. For both professional and hobby use.

Charakteristics

- two-stage airflow control and eight-stage temperature control enable precise adjustment of heating power, depending on the type of work performed:
 - I: 300 l/min / 60-350°C (eight-stage temperature control option);
 - II: 500 l/min / 60-600°C (eight-stage temperature control option);
- equipped with a thermostat to prevent overheating;
- ABS plastic body;
- a dual-component, ergonomic handle with a profiled TPR anti-slip surface ensures less hand fatigue, even during longer operation;
- the housing is profiled in a way enabling to put the tool away and work with both hands;
- high quality of workmanship guarantees failure-free operation;
- additional accessories included: 4 nozzles with different cross-sections, power cable H05RR-R 2G with a diameter of 1,0 mm² and a length of 2 m.
