

## PRODUCT INFORMATION SHEET

### DIEMEL High altitude protective helmet white uni

#### Product description

The lightweight DIMEL safety helmet with a sporty look provides the user with maximum comfort thanks to the ventilation holes and the adjustable 3D harness. The robust shell of the safety helmet retains its shape even under lateral pressure and it meets the safety requirements of construction or industry. The helmet has a short peak and a four-point harness for an optimal fit. The size of the harness is adjustable with a knob. The helmet shell is made of ABS and ensures durability. In addition, the helmet is equipped with adapters for fixing elements such as a bascinet, glasses, earmuffs or a headlamp. It makes it possible to adapt the product to the needs of each user.

#### Characteristics

- outer shell material: ABS;
- inner material: webbing straps;
- accessories: sweatband, 6-point harness, 4-point chin strap;
- meets the standards: EN 397:2012 + A1:2012;
