

PRODUCT INFORMATION SHEET

Tool backpack

Product description

A tool backpack made of durable 600D polyester is the essence of durability and well-thought-out space organisation. Its carefully designed compartments and multitude of compartments make it an invaluable companion for every specialist. Unique design solutions guarantee its durability, resistance to damage and daily wear. Moreover, the key advantage of this backpack is its advanced pocket system, designed to optimize space and organize tools and accessories intuitively. Thanks to this, everything you need is always at hand and in the right place.

Characteristics

- material: 600D polyester;
- functional loops on the outer layer of the backpack;
- 3 compartments of different sizes:
 - compartment with two large pockets, a zippered pocket, two smaller Velcro pockets and two compartments
 - compartment with 11 open pockets and a mesh pocket with a zipper
 - the last, smallest compartment equipped with 1 open pocket
- 2 external zipped pockets;
- additional upper external pocket, zippered, equipped with an additional inner pocket and functional loops;
- the backpack is equipped with special strips that allow for adjustment of its volume and stabilisation of its contents.
