

## PRODUCT INFORMATION SHEET

### Installer's bag on wheels

#### Product description

An installer's bag on wheels is a combination of functionality and durability, perfect for professionals who need quick and easy access to tools. Made of durable 1680D polyester, it guarantees resistance to damage, making it perfect for the most demanding conditions. Durable yet lightweight wheels have been designed to minimize the strain on the user and make maneuvering as easy as possible. The telescopic mechanism allows for adjustment of the length of the handle to the user's height and current needs ensuring optimal weight distribution and even load distribution.

#### Characteristics

- material: 1680D polyester;
- telescopic handle;
- wheels made of plastic;
- equipped with 10 external pockets, including:
  - 1 Velcro pocket
  - 9 open pockets of different sizes
- main zipped compartment with 7 open pockets inside.
