DESCRIPTION

Stretch cotton overalls blouse made of special Amylytton® material, which excels in increased strength and smooth, soft surface. You will appreciate the reduced weight thanks to the pleasant feeling when wearing. Durable and four-way elastic Tabiflex® material is used on exposed areas. The blouse with stand-up collar has a highly functional ergonomic 3D cut SLIM FIT that highlights the silhouette. It is equipped with a continuous zipper closure with chin cover, 1 zipper chest pocket, 1 zipper pocket on the left sleeve, 2 zippered side pockets, has an adjustable width of the sleeves and the bottom hem of the blouse with snap fasteners. The upper left part of the blouse is designed for placing the company logo. The back of the blouse is equipped with functional ventilation, triple stitching in stressed areas. Increased user visibility is ensured by dynamic reflective 3D prints and hi-vis accessories.

This personal protective equipment is in conformity with the requirements of the following harmonised standard:

The service life depends on the degree of use and the rate of wear in the given conditions. Improper storage conditions, improper maintenance and care shorten the service life. The warranty period is 24 months. In no case should the warranty period be confused with the service life of the product. With intensive use, the service life may be shorter than the warranty provided.

The product does not contain any substances in concentrations that are known or suspected of adversely affecting the hygiene or health of the user. However, skin irritation is not excluded for sensitive people, in which case do not continue to wear clothing. Avoid fire and sources of intense heat.

No accessories or spare parts are intended for these garments. If clothing is not in use, it is recommended to store it in a dry and well-ventilated area away from direct sunlight. Transport preferably in the original packaging, protect from moisture and extreme temperatures. Dispose of ecologically after use.
